4. Old Business

a. Review Shared Plan– Greg Parker

Last meeting we discussed the annual report. Last year we remained even when looking at service and support and currently this year we are behind those numbers. This can be attributed to the loss of our Service Coordinator Kristi. Currently, Justin has taken over that role and we are working on getting back up to speed with the overall wraparound/service coordination process.

I am also looking for additional people interested in joining the committee to help identify some upstream programs to bring our shared plan in line with the DCY vision presented at the Kid's Summit in September.

b. Wyandot County Early Intervention Corrective Action Plan – Greg Parker

The FCFC is still under the EI CAP until June 30, 2025. We will be transitioning the program to the Health Department and the CAP will not follow the program. The Health Department has begun working with Seneca County and the State TA team in preparation for the programs full transition July 1, 2025.

5. New Business –

a. SFY25 EI Service Coordination and Supervision MOU Approval with Wyandot County Health Department – Greg Parker

This is a guidance document that will be used when referring families for service coordination. The document will be posted on our website by the end of the year. Although this is a living document that will have some proofreading and edits, the structure and content will remain the same. If there are any major changes to the document, those will have to be voted on prior to being sent out and posted on the website.

6. FCFC Reporting

a. Wraparound, Prevention and Mentoring Reports – Justin Swartz

Wraparound currently has 7 families.
